

# Student Spaces

OF LAKE COUNTY, ILLINOIS

Whether it's a two, three or four day trip, your tour can start directly in Lake County.

Our Student Spaces are inspirational, educational and fun!

**Why Lake County?** We're halfway between Chicago and Milwaukee, home of Six Flags Great America, Gurnee Mills and have 40+ affordable student-friendly hotels including KeyLime Cove Indoor Waterpark Resort.

**Day One:** This travel day from north, south or west will take you directly to **KeyLime Cove Indoor Waterpark Resort** in Gurnee. Your students check in and enjoy the waterpark. Dinner can be on their own at the various restaurants (or as a group) and everyone can gather at **D.W. Anderson's** later in the evening for an ice cream sundae party.

**Day Two:** After a breakfast buffet at the resort, start the day's tour at **Tempel Farms**. Take a one hour Tour & Training Session and learn how Lipizzan stallions were rescued in World War II by Gen. George Patton. See training of the battle moves displayed during their summer performances. Take a drive up to the **Jelly Belly Center** for a free tour that includes samples and time in the retail store. A tour of the newly reopened **Gold Pyramid House** is an experience in Egyptian culture and life under a pyramid. Lunch at the nearby **Golden Corral** makes lunch quick and nutritious.

**Volo Auto Museum** provides a mixture of pop culture and history with movie & classic car and the Military Zone. **Dobie Maxwell** provides a comedy class that is fine for all ages.

**Day Three:** It's all about **Six Flags Great America** today. Your performance, fun and meals are all arranged. Roller coasters, water rides and games await. Later on, **Rink Side Sports Family Entertainment Center** offers lasertag, ice skating, video games and indoor mini-golf. Located right in **Gurnee Mills**, students can opt for dinner at Rink Side or in the Food Courts. Shopping is always a hit at the 200+ stores and can include an educational tour of **Bass Pro Shops Outdoor World**. Later, catch an evening **Lake County Fielders** baseball game.

**Day Four:** A morning tour or workshop with lunch at the **Chicago Botanic Garden** rounds out your last day before heading home. As you drive past other options such as **Wildlife Discovery Center, Fort Sheridan** and **Marytown/Kolbe Shrine**, you start planning next year's trip to Lake County (if they ever quiet down back there)!

See our list of Student Spaces for additional ideas for your trip to Lake County. We make it affordable & fun.
